

Matheus Esteves

FULL STACK DEVELOPER

I am a Full Stack Developer with over 3 years of professional experience, specializing in TypeScript, Python, Django, Django REST Framework, MySQL, HTML, CSS, Bootstrap, React, and React Native. I am committed to team collaboration, problem-solving, and continuous learning. Eager to contribute to innovative projects and tackle new challenges in web development.

WORK EXPERIENCE

Web Developer | Mobile Developer / Central IT

Jun 2022 – Present | Full-Time, remote

- Led full stack development using TypeScript, Python, Django, HTML, CSS, React, and React Native.
- Designed, developed, implemented, and maintained both web and mobile applications for diverse business needs.
- Collaborated across teams to maintain and enhance existing applications, ensuring seamless functionality and user experience.
- Contributed to the successful delivery of projects across various sectors, applying best practices in software development.

Web Developer / Flux

Apr 2021 – Mar 2022 | Full-Time, remote

- Developed new features and maintained company applications using Python, Django Web Framework, Django REST Framework, Bootstrap, MySQL, and AWS.
- Implemented RESTful APIs and integrated with AWS services, improving the efficiency and scalability of applications.
- Collaborated with cross-functional teams to deliver projects on time and align technical solutions with business requirements.

PROJECTS

AondeQTem Mobile App ([App store](#) | [Google Play](#))

Tools & Technologies: Python, TypeScript, Django, Django REST Framework, React Native

- Developed a mobile application that helps users locate nearby commercial establishments and report issues related to local infrastructure and security.
- Integrated interactive maps, allowing users to search, filter, and share establishment locations efficiently with other users.

AondeQTem | Teleport Landing Page ([First Page](#) | [Second Page](#))

Tools & Technologies: HTML5, Bootstrap, CSS

- Created two responsive landing pages to promote the AondeQTem mobile app and the Teleport web app.
- Designed with a modern layout, optimized for both mobile devices and desktops to enhance user experience.
